# COLOR OF THE MONTH

CALM, COOL & COLLECTED

There's nothing basic about the January Color of the Month Clark+Kensington® **Play it Cool N-C2**. A classic neutral with a slight yellow-green undertone, it sets the stage for the calming oasis you call home.

A safe and easy way to create a sophisticated space is to opt for a monochromatic palette layering warm, earthy tones, dark browns and creamy whites. This is ideal for places where you want to unwind after a busy day, such as a bedroom or den.

A friend to all colors, neutrals balance out brighter hues and jewel tones. **Play it Cool** pairs effortlessly with varying shades of orange and green, which works well in more active spaces such as family rooms and kitchens. It's also a great transition color in hallways between brighter colored rooms. In a fast paced world filled with busy schedules and not enough hours in the day, it's nice to come home to your sanctuary for a little dose of calm. Pair with: Clark+Kensington Haven of Coziness N-C1, Peak of the Mountain 26B-3, and Darjeeling 11A-4.
